

Project Milestone 1

Members :

- ☐ Abdoul K Tou-Kone
- ☐ Dhanvee Ivaturi
- ☐ Franklin Nkokam Ngongang

1. What have you accomplished so far?

We have been deciding if we will use a GUI for the game or not. We created the github repository.

2. What will you do next?

We expect to meet at least once a week either on zoom or in person to be able to code the different functionalities.

3. What unexpected obstacles did you encounter?

We haven't yet written serious code. So we have not faced any obstacle codewise.

4. Which of your goals do you currently expect to meet?

We are sure we will be able to meet the 75% goal milestone.

5. what's the link to the repo of your project?

https://github.com/ntuifranklin/twenty_forty_eight_in_rust
